

Brüel & Kjær Vibro
a spectris company

IT Network Specialist (m/f/d)

Brüel & Kjær Vibro (B&K Vibro) is one of the world's largest independent suppliers of machinery protection and condition monitoring systems for rotating and reciprocating industrial machinery, such as pumps, turbines, compressors, motors, generators and gearboxes. Our offering comprises hardware, software, sensors and all the required services, training, and consulting to install, use, and apply our solutions.

B&K Vibro is looking for an experienced IT Network Specialist to join our Global IT team. Candidates would work from either our offices in Darmstadt, Germany; Naerum, Denmark or can be home-based candidates eligible to work in either Western Europe GMT or GMT+1.

You will be working directly with our customers in the Wind business and our Wind Condition Monitoring team based in Denmark, to troubleshoot network issues, rollout software and restructure new network requirements. This is to support our monitoring of the customer's turbines helping to reduce the downtime of monitoring and improve customer satisfaction. As part of the Global IT team you will also be a core part in maintaining and optimizing the company infrastructure and network requirements.

Your tasks:

- Establishment of connections to customer networks and troubleshooting
- Remote implementation of software developed by B&K Vibro on customer side
- Monitoring health of Windows servers, addressing and analyze any issues
- Maintaining backup operations
- Maintaining documentation
- Maintaining flawless system operation
- Troubleshooting and addressing the IT issues
- Various ad-hoc tasks

Your profile:

- Apprenticeship or bachelor degree in Informatics/IT or comparable education
- Minimum 3 years of experience in IT system administration
- An understanding of the Industrial Business Sector
- Focused on providing excellent customer service
- In depth knowledge of Windows systems
- Experienced in networks, firewalls and VPN connections
- Knowledge of Active Directory, VMware and BackUp Solutions
- Strategic and technical mindset with good attention to detail.
- Innovative and open to ideas
- Fluent in English, verbal and written
- Team player

In addition to intensive incorporation and continuous training courses in technical subjects as well as training in soft skills, we offer you an attractive working environment, a fair pay and a varied range of tasks. You benefit from flexible working hours and interesting development opportunities within our company. If you recognize yourself in our description, please send your complete application, including your earliest starting date and salary expectations, in English to our Human Resources department (career@bkvibro.com).

B&K Vibro is an equal opportunity employer and all applicants will be considered for this position without regard to national origin, gender identity, sex, sexual orientation, color, religion, veteran or disability status.
